

"The Wrenn Railways Collectors Club"

The WRCC is now over 2 years old and has 250 members from across the UK as well as the Commonwealth and America.

As well as producing Trackwork from the early fifties to the mid-sixties, G & R Wrenn are best known for their production at Basildon, Essex, of their range of Locomotives, Coaches and Wagons.

These followed on from the famous range of 3-rail then 2-rail stock made by Hornby Dublo until 1964. Wrenn acquired a lot of the tooling and began production in December 1966. If you are into Dublo but have no Wrenn engines such as the Royal Scots, Merchant Navy Class, Streamlined Bulleids, Streamlined Coronations and 5-pole City Class Locomotives, why not join the Wrenn Railways Collectors Club?

As well as all the corresponding literature, Wrenn also sold various other products, including:-

- 1) Lima stock in Wrenn packaging
- 2) Tri-ang TT rolling stock
- 3) Victory Boats
- 4) Master Mariner Boat Set
- 5) The Wrenn Wonder Boat
- 6) The Pull Back & Go Mini

Information on all of these is available to members of the WRCC.

Further details and a membership form are on the reverse. Upon receipt of your membership form, I will send out your joining pack within 7 days. We have an annual get together in Marlow in October, called the "Wrenn F.E.D." This only includes Hornby Dublo and Wrenn products. This year it takes place at Marlow on Sunday 12th October. In 2004, it will take place on Sunday 10th October.

I look forward to hearing from you!

Barry Fentiman

WHY NOT JOIN TODAY?

WRENN RAILWAYS COLLECTORS CLUB MEMBERSHIP FORM

FULL NAME

ADDRESS
